

## Annual Inspection Program

It is Upscale Remodeling's intent to make sure every client is **completely, 100% satisfied**; not only at the time that your project is completed, but for years to come.

As you may or may not know, Upscale Remodeling has a **5-year, 100% workmanship warranty**. In order to live up to our guarantee and to ensure that the work we have performed for you stands up to the test of time, we have implemented our complimentary **ANNUAL INSPECTION PROGRAM**.

We will, **at no charge to you**, come to your home once per year for **(5) five** consecutive years immediately following the completion of your project to inspect the work that we have performed for you.

It is the Client's obligation to call Upscale Remodeling and schedule the Inspection appointment and Upscale Remodeling will make the inspection within **(10) ten working days**.

It's our hope at Upscale Remodeling that this *Annual Inspection Program* will help ensure that you receive the level of service that you deserve and that you have come to expect from Upscale Remodeling for over 18 years.

Respectfully,

*Stephen L. Nash, Jr.*
